₽ PROFILE

As a software developer with over 2 years of experience in crafting innovative web applications. Specializing in delivering tailored solutions for diverse industries such as Insurance, Automation, and Travel and Tourism. Proficient in leveraging cutting-edge frameworks to develop robust web applications, particularly focusing on Single Page Applications.

PROFESSIONAL EXPERIENCE

IMDS Solution, Software Developer (.Net | Angular)

Jun 2023 – present | Mumbai, India

- Developing an innovative Insurance Automation product using Dotnet Core, Angular, TypeScript, WebApi, & SQL.
- Collaborated closely with cross-functional teams to design, develop, and implement key features of the Insurance Automation product.
- Collaborated on refactoring existing APIs, optimizing code quality, and enhancing maintainability and scalability.
- Utilized MS SQL, MySQL and LINQ features and queries for effective data storage and retrieval.
- Utilized version control system such as Git, to manage and track code changes effectively

RedBlackTree Pvt Ltd, Software Developer(.Net | Angular)

Aug 2022 – Jun 2023 | Chennai, India

- Employed at RBT within the Travel & Tourism domain, I contributed to several projects, including Lighthouse, Travel Consultant, Viking Cruise Emergency System, Fleet App Management, Visitor Management, and Submarine.
- My skill set encompasses C#, .NET Core, LINQ, Angular, TypeScript, Docker, and Linux.
- Specialized in developing high-performance asynchronous APIs using .NET Core, capable of managing the daily traffic of 450k active users.
- Proficient deployment of applications was achieved through Azure Virtual Machines for hosting, Docker for streamlined containerization on Linux platforms, Ansible for automation, and MySQL for robust database management.

Cognizant Techanology, Intership
